

“The Battery Blitz School Mission Challenge” Official Rules and Regulations (“Rules”) – 2024

NO PURCHASE NECESSARY

The Battery Blitz School Mission Challenge is sponsored by Call2Recycle Canada Inc. (the “Sponsor”).

SECTION 1: CONTEST PERIOD

The Battery Blitz School Mission Challenge (the “Challenge”) starts on Monday **September 30th to October 31, 2024**. Each Entrant (defined herein) will be assigned a specific Challenge Period (defined herein) to complete the Challenge. One Challenge entry per Entrant.

SECTION 2: ELIGIBILITY

The Challenge is only open to elementary schools in Canada that have been registered by Earth Rangers for the Battery Blitz School Mission program and that have had a presentation by Earth Rangers on battery recycling and safety (an “Earth Rangers Show”) presented in-person to their school (each an “Entrant”). This Challenge is not open to employees, representatives, and agents of the Sponsor or Earth Rangers, their respective parents, partners, related and affiliated companies, advertising and promotional agencies and the members of the households of such employees, representatives and agents.

SECTION 3: HOW TO PARTICIPATE

Each Entrant will start with 20 full-size battery collection boxes, provided by the Sponsor. Collection boxes will be shipped to the Entrant. Each Entrant will then have a four-week period, commencing on Monday **September 30th to October 31, 2024** to collect used batteries (“Challenge Period”) using the battery collection boxes. Each Entrant may contact the Sponsor for additional battery collection boxes at 1-888-224-9764. Only batteries collected during each Entrant’s Challenge Period will be eligible for the Challenge.

Each Entrant is responsible for ensuring that all students and staff understand and appreciate the safety concerns and related hazards associated with the handling of batteries and shall ensure that all collected batteries are handled with care and according to all applicable standards and guidelines. All Entrants

are encouraged to contact the Sponsor at 1-888-224-9764 should they have any related questions or concerns about handling of batteries.

At the conclusion of their Challenge Period, each Entrant must call Purolator at 1-888-744-7123 to arrange for pickup of all used Sponsor-provided battery collection boxes. If an Entrant has not called Purolator within 28 days of their Challenge Period to arrange for pickup, the Entrant may be disqualified from the Challenge, at the absolute and sole discretion of the Sponsor.

The used Sponsor-provided battery collection boxes will be weighed by Purolator and the results will be sent to the Sponsor. The Entrants that collect the heaviest weight of batteries (determined by the combined weight of all of the used Sponsor-provided battery collection boxes picked up from each Entrant, rounded to the nearest pound), will be awarded the Grand Prize, Second Place Prize, and Third Place Prize respectively (each a "Prize" and collectively, the "Prizes"). In the event of a tie (a tie is defined as any two or more Entrants who collect the same weight of batteries, rounded to the nearest pound), a random draw will take place amongst the tied Entrants to determine who will be awarded a Prize.

If an Earth Rangers Show is cancelled and cannot be rescheduled to accommodate the Challenge timeframe (such timeframe to be determined at the sole discretion of the Sponsor), the Entrant will no longer be eligible to win the Prize.
